

**Wallet Template**

The interior guideline represents the safety margin, the middle guideline represents the cut line and the exterior guideline represents the bleed line. If your design has art that goes all the way to the edges, then you'll need to extend the art to the bleed line. When setting up your art for the inside left, you'll also need to flip your art 180 degrees (upside down) before submitting it.

bleed line  
cut line  
art area

A legend on the left side of the page defines the line types used in the template. It shows three horizontal lines with arrows pointing to their respective labels: a dashed line for 'bleed line', a solid line for 'cut line', and a solid line for 'art area'.
